Discussion regarding the Bridge leading to the Town Pond which is now blocked off due to its dangerous condition.

The Town Pond area is owned by the town but entrusted to the Conservation Commission. Members discussed donating to its repair. The cost of repair is \$4,500.

Gina raised the issue of money we are entitled to but must request through a warrant article. This includes some money coming in through the Timber tax and also money that may remain in our budget at the end of the fiscal year.

It was determined that we would request these funds through a warrant article before the next town meeting.

The members agreed we needed to meet with the Selectboard and the Highway Department to discuss the bridge issue. Ruth will request a meeting through Sara.
